Just last week I listed another beautiful ranch home in your neighborhood and wanted to tell you about it. It features 2 big bedrooms and a newly-remodeled bathroom, large eat-in kitchen, separate dining room and spacious family room. The 1 car attached garage can also be screened off in the summer to use as a “three season room”. Lots of mature landscaping, a storage shed and fully fenced, this home is perfect for children, pets or just relaxing in the yard. Rarely do you see homes in this area priced so well. This one won’t last!

If you or someone you know is in the market to buy a home, please have them contact me for a personal showing. Also, if you are thinking of putting your home on the market this year, call me and I’d be happy to give you a value estimate of your home and a custom market analysis. I work hard for my clients and would love to work with you to sell your home. Please visit my website below or give me a call to find out more about this home or other similar homes on the market right now. Interest rates are low - now is a great time to move!
